INDIA REPRESENTATIVE OFFICE  
OF TERREAL

# Benefits of Terracotta

## Terracotta is Green

**Naturally green product – Made from earth!**

**Low cost raw material**

**No harmful or endangered raw materials necessary  
(petroleum based or trees)**

**Recyclable – 95% of production waste is recycled (clay, water, glazes)**

## Terracotta is Sustainable

**Class A fire rated – Does not burn**

**Least expensive life cycle cost**

**Long-term economic and environmental advantages**

**Contributes to better building designs**

**Color permanent wall material that lasts 100 years**
